

Hi!

The easiest way to install and license is by using the aescrpts + aeplugins manager app:

<https://aescrpts.com/learn/aescrpts-aeplugins-manager-app/>

To install manually:

On Mac: Move Pixelfan.plugin to Applications/Adobe After Effects 2022/Plug-ins or Library/Application Support/Adobe/Common/Plugins

On Windows: Move Pixelfan.aex to C:/Program Files/Adobe/Common/Plug-ins/7.0/MediaCore

On Wii: If you've managed to get After Effects running on a Wii, you probably don't need this readme. Also kudos.
