

# How to install the Smart Adapt extension

The easiest way to install and license is by using the aescrpts + aeplugins manager

<https://aescrpts.com/learn/aescrpts-aeplugins-manager-app/>

## Or you can download and install it manually

1. Download **ZXP** Installer <https://aescrpts.com/learn/zxp-installer/>
2. Drag **Smartadapt.zxp** into **ZXP** Installer .
3. Close and re-open After Effects.
4. Navigate to the top Window menu, Extension>Smart Adapt
5. Click to open the panel.

## How to use your license key

1. Go to "My Downloads & Licenses" section on the aescrpts.com.
2. Open the extension than locate the question mark icon and click on it.
3. Select the "About" option from the menu.
4. Import your license by following the instructions provided.
5. Click on the "Activate" button to complete the process.
