

# How to install Instant Assets Versioning for Premiere Pro

## Easiest method

- Download the aescrpts + aeplugins manager here:  
<https://aescrpts.com/learn/aescrpts-aeplugins-manager-app/>
- If you are installing the trial please choose 'Add Trial' from the 'Account' menu
- Restart Premiere Pro after installation
- You will find Instant Assets Versioning in the menu windows ► extensions

## Alternative method

(If the easiest doesn't work)

- Download and install the ZXP Installer:  
<https://aescrpts.com/learn/zxp-installer>
- Open the installer and drag and drop the "Instant Assets Versioning" zxp file to install
- Restart Premiere Pro after installation
- You will find Instant Assets Versioning in the menu windows ► extensions
