## Installation:

To install LayerMonkey as a dockable panel, place the LayerMonkey.jsxbin file in the After Effects/Scripts/ScriptUI Panels (MAC) or After Effects/Support Files/Scripts/ScriptUI Panels (WINDOWS) folder. NOTE: Don't copy the entire LayerMonkey folder into the ScriptUI Panels folder, just the .jsxbin file (otherwise After Effects won't be able to find LayerMonkey).

Trial Period for LayerMonkey is 7 days and is limited to a maximum of 10 layers.
