

Installation

Please use the aescrpts + aeplugins manager app to install: <https://aescrpts.com/learn/aescrpts-aeplugins-manager-app/>

Do not use the 'Manual Installation' unless instructed by our support staff.

Trial

If you are installing the trial please select '**Add Trial**' from the Account menu in the manager app.

Usage

You will find **Paint & Stick** under the **Effects** -> **aescrpts + aeplugins** menu

Very important notice about the trial version

Please note that paint created with the demo version has a burned-in, **permanent watermark**, so the trial version is for evaluation purposes only.

User Guide & FAQ

There is an online [User Guide & FAQ](#) with many video tutorials.

Licensing

To enter your license click on the **Register** link in the effects panel.

Please refer to **How to Register License.png**

If you are using a floating license please refer to the instructions included with the [Floating License Server](#)

Additional assistance

If you need any help [please open a support ticket](#) and we will be happy to help!

Have fun painting and sticking!
