

Still Exporter for Premiere Pro Installation Instructions

Still Exporter is a ZXP extension for Premiere Pro. Unfortunately, Adobe discontinued their development of Adobe Extension Manager, which was used to install ZXP extensions. Note that Adobe Extension Manager does not work anymore with CC 2014 or newer! As an alternative, we developed and maintain the *aescripts* + *aeplugins* ZXP installer. So please install Still Exporter using *aescripts* + *aeplugins* ZXP installer as described here.
