

M O N O S P A C E R

Spaces your text evenly per character.

Important:

For correct results some manual setup is usually required (depending on which font you're using). Please see the tutorial video and the "[Fixing common issues with Monospacer](#)" video before contacting support. If you are still having issues, please submit a support ticket [here](#).

General Use:

- Monospacer works with text layers only
- Compatible with Vertical & Horizontal text modes
- Compatible with paragraph text but must be on one line. Multi-line text is not supported for any text mode
- 3D text must be precomposed before being offset in Z
- Compatible with parented transforms, but only on AE versions CC2018 and up

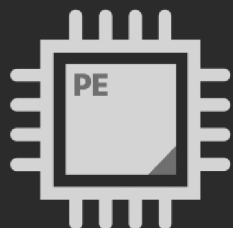

Installation Directories:

Windows

`Program Files\Adobe\Adobe After Effects <version>\Support Files\Plug-ins\`

Mac

`Applications/Adobe After Effects <version>/Plug-ins/`
