
Installing with ZXP Installer (Recommended)

- Download and install the ZXP Installer from:
<https://aescrpts.com/learn/zxp-installer/>
- Open the ZXP installer and drag the “Thumbs Up.zxp” file into it.
- If Premiere Pro, After Effects or Photoshop were already running, restart the apps.
- Go to Window → Extensions → Thumbs Up
- Click on License:
 - Enter your license code
 - Click activate license
- You are all set!

Installing Manually

- Change the .zxp file extension to .zip by renaming the file.
- Unzip the file into a folder called “Thumbs Up”
- Copy the folder into:
 - on Windows:
C:\Program Files (x86)\Common Files\Adobe\CEP\extensions\
 - on Mac:
~/Library/Application Support/Adobe/CEP/extensions
- If Premiere Pro, After Effects or Photoshop were already running, restart the apps.
- Go to Window → Extensions → Thumbs Up
- Click on License:
 - Enter your license code
 - Click activate license
- You are all set!
